

Strawberry Lime Snow Mule

INGREDIENTS

Giant bowl of fresh snow
1/4 cup strawberry powder
1/2 cup powdered sugar

2 teaspoons True Lime crystals
2 oz Wheat Penny 1958 Bourbon
About 3 oz ginger beer

RECIPE INSTRUCTIONS

1. Combine strawberry powder, sugar, and lime crystals in a resealable plastic bag. Shake to combine, really give it a good shake.
2. Take a little bit of your snow and build a layer at the bottom of a cocktail glass. Then, sift a layer of fruit powder mixture, then add another layer of snow. Repeat about four times.
3. Add your bourbon and let the snow melt down. Add another layer of snow and then add ginger beer. Stir it up a little bit to combine ingredients.
4. Add another layer of snow on top for garnish.
